Anne-Marie and Jean-Marc Vincent inherited most of their vines, principally located in and around the village of Santenay in the southern Côte de Beaune, from Jean-Marc's grandfather, André Bardollet-Bravard. They produce three *premier cru* reds and two *premier cru* whites from Santenay, in addition to a red and a white Auxey-Duresses. The Vincent wines are characterized by rich, layered fruit, intense expression of individual *terroir*, and solid structure.

Their Auxey-Duresses *Blanc* "Les Hautés," which thankfully happens to be their highest production wine (that is, more than two barrels produced), is a gem and a role model for other producers of the appellation. This is the wine that first attracted Kermit to the domaine. "I had rarely had an Auxey-Duresses that excited my taste buds," he said, "I knew I was on to something." And indeed it reaches the heights of many a white Burgundy with a greater pedigree. It also evolves well in one's cellar. The Vincents' wine operation is a family affair and A-M and J-M split their time between the vineyards, cellars and their young children. Their miniscule production always sells out quickly to a small group of devoted clients. All of their wines are a testament to the importance of *vigneron* talent in a given appellation. While a great *vigneron* can make over-achievers from any appellation, a great appellation will never be great in the hands of mediocrity.

### VITICULTURE / VINIFICATION

- All grapes are harvested by hand, with several passes through the vineyard to pick grapes at the optimal point of maturity
- Sorting happens in the vineyard with each grape being inspected by the harvesters
- The goal of the vinification and aging is to let the wine develop at a very slow pace
- Vinification without sulfur, small amount of sulfur added at bottling

### DOMAINE JEAN-MARC VINCENT (continued)

#### Whites:

- Grapes are pressed immediately after harvest under low pressure and must is transferred by gravity to new oak casks for fermentation
- Wines are aged in 10% new oak barrels
- Wines are never racked
- Wines are aged for a minimum of 15 months
- Lees are stirred 3 or 4 times per month up until Spring, then left on the lees until aging is finished
- Bourgogne *Blanc* is sourced from the southwestern stretches of Chassagne-Montrachet, near the village of Remigny
- Montagny *Blanc* 1er Cru: A blend of 1er cru *L'Épaulé* with a small percentage of 1er cru *Creux de Beauchamp*

#### Reds:

- 30 to 60% of grapes are de-stemmed (depending on parcel and vintage)
- Grapes undergo a slow, temperature controlled maceration for 20 days
- Wines are aged in 25% new oak barrels
- Wines are never racked
- Wines are aged for a minimum of 15 months
- Santenay *Rouge* "Gravité": Vinification entirely done by gravity, aged for 20 months, blend of AOC Santenay, 1er Cru *Le Passetemps*, 1er Cru *Les Gravières*
